# Hain UK Gender Pay Gap Report 2021

We are one of the UK's leading food companies with sales of £325m creating food and drink products with natural goodness at their core. Hain UK operates as part of our global parent company - Hain Celestial.

We are extremely proud of our brands, that include Hartley's, Sun-Pat, New Covent Garden Soup Co., Linda McCartney's Meat Free (under licence) and Yorkshire Provender. We are also a large supplier of own brand products to our retail, wholesale and foodservice customers.

We have a fantastic team across our 6 sites in the UK and without our colleagues, we would not be able to achieve the success we do. It is important to us that our culture equally values the contribution made by everyone across the business.

We constantly review and benchmark our pay and reward offering as we strive to ensure that we reward our team based on performance and contribution. Consistency, equality and responsibility are at the heart of all our people decisions.

Overall, the gender pay gap in Hain UK is currently 3%. The gap that does exist is not caused by women and men being paid differently for the same role, rather it is a result of more men than women holding more senior roles in the team.

One of our consistent priorities is to ensure we continue to attract and develop the best talent for our business, and we remain committed to closing the gender pay gap in the coming months and years.
